

MASTER LIST OF MINIMUM REQUIREMENTS

1. Air hose Usage
2. Air Tugger Usage
3. Boarding and Departing Helicopters
4. Bolted Pipe and Steel
5. Bundling Material with Straps
6. Cleaning 25 bbl Marine Portable Tanks
7. Cleaning a Cutting Box on a Slab
8. Cleaning a Liquid Mud Tank
9. Cleaning Dry Bulk Tank
10. Cold Cutting Pipe
11. Connecting and Working on End Devices
12. Cutting and Installing Fiberglass Grating
13. Cutting Torch
14. Cutting up Scrap Iron
15. Demo of Electric Cable
16. Demo of Old Tubing
17. Dispensing Product into Recycling Wash Water Plant
18. Driving Trucks and Hauling Material
19. Electric Drill
20. Electric Grinder
21. Electric Saw
22. Electric Tool Usage
23. Erecting Mobile Scaffold
24. ESG Vessel opening and Ventilation
25. Fabricating Pipe Offshore
26. Fabricating Pipe Onshore
27. Fabricating Structural Steel
28. Fabrication of Support Brackets
29. Fall Protection
30. GIS ESG Vessel Cleaning (Non Confine Space Entry)
31. GIS ESG Vessel Cleaning (Confine Space Entry Required)
32. Handrail Repairs
33. Helicopter Safety
34. Hot Bolting
35. Hot Tapping
36. Hot Work
37. Hydro Testing
38. ICP Demo
39. ICP Flushing
40. ICP Installation
41. Installation of Pneumatic Panels
42. Installation of Switchgear and MCC Sections
43. Installing ATN Package
44. Installing Batteries
45. Installing New Shafts and Casings on Equipment
46. Installing New Tubing
47. Installing Panel Hardware
48. Installing Solar Panels
49. Installing Transformer
50. Mobile Scaffold Usage
51. Offloading or Loading Personnel baskets
52. Offloading/Loading Equipment/Loads from Boat to Truck/Truck to Boat
53. Open Hole
54. Operating a Forklift
55. Operating Diaphragm Pump
56. Operating Drum Lifter
57. Operating Gapvax Truck with Rotating Boom
58. Operating Gapvax Truck with Stationary Rear Intake
59. Painting
60. Painting Welded Areas
61. Patching Decks
62. Pile Driving
63. Pneumatic Drill Press (Magnetic)
64. Pneumatic Saw Usage
65. Post Hurricane Evacuation by Boat
66. Post Hurricane Platform Evacuation by Helicopter
67. Pulling Electric Cables
68. Pumping to a Cutting Box
69. PVC Pipe Installation
70. Refueling Equipment
71. Removing and Installing Clamped Grating
72. Removing and Installing Welded Grating
73. Rigid Pipe Threading
74. Rust Removal and Inhibitor Application in Aquatorium
75. Safe Crane Operations
76. Sand Blasting
77. Securing Tubing
78. Skidding
79. Slate Removal
80. Stair Removal and Installation
81. Stairway
82. Stationary Scaffold Erection
83. Stationary Scaffold Usage
84. Step Removal and Replacement
85. Structural Fitting
86. Tie Wrapping Cables
87. Tightening Flanges
88. Tightening of Tubing Fittings
89. Touring GIS Facility
90. Traveling by Boat to Location and Swinging
91. Trenching and Backfilling
92. Trouble Shooting Electrical Equipment
93. Usage of Hilti Gun
94. Usage of Ladders
95. Usage of Tubing Benders
96. Vacuum Truck Hose Handling
97. Valve Removal and Installation
98. Vessel Cleaning
99. Welded Pipe Support Installation
100. Welded Structural Steel
101. Working in Distribution Panel
